

PRAY FOR CAMEROON

Christian persecution in Cameroon is intensifying, particularly in the northern regions where radicalisation is spreading among Muslim populations. Violence by Boko Haram and similar groups targets Christians through abductions, church burnings, and exclusion from community life. Freedom of religion remains tightly restricted. According to Freedom House (2025), Christians in conflict-affected regions are unable to practice their faith openly. Boko Haram continues attacks in the Far North, while in the Anglophone regions, churches are burned, pastors kidnapped, and believers caught between military operations and insurgents. Christian persecution in Cameroon is not only driven by jihadists but is embedded in many challenges faced in the country.

1. Thank the Lord for Cameroon and its **vibrant Christian community**. Pray for God's blessing on the nation, that peace and unity prevail despite conflicts.
2. **Christians, about 62% of the population**, contribute through churches and community work. Thank God for their steadfastness in persecution. Pray for strength and opportunities to bless their communities.
3. Cameroon ranks **37th on the 2026 World Watch List** due to Islamic oppression and government restrictions. Pray for grace and wisdom for Christians facing threats from Boko Haram and separatists.
4. Pastors face violence, abductions, and suppression for opposing injustice. Pray for their **protection, provision, and comfort** amidst loss and trauma.
5. Christian women in the Far North face abduction and forced marriage by Boko Haram. Pray for their **safety, release, and emotional and physical healing** for survivors.
6. Christian men, especially church leaders, are targeted for abduction, torture, and murder. Pray for their **protection and Church support** for affected families.
7. The armed conflict has displaced over **500,000 Christians**. Pray for comfort and provision for the displaced and hosts, and wisdom for sustainable solutions.
8. Youth face limited education and job access due to violence. Pray for **Church-led discipleship and guidance** to help them resist radicalization.
9. Violence disrupts Christian activities in the Northwest and Southwest, with churches attacked. Pray for **restoration of safe worship spaces**.
10. Peaceful Christian-Muslim relations are strained by radicalization. Pray for the Church to **foster love and reconciliation** while sharing the Gospel.
11. Boko Haram and separatists target Christians with impunity. Pray their resources are cut off and many **encounter the Gospel and turn to Christ**.
12. Converts from Islam face harassment and forced divorce. Pray for their **safety, courage, and support** as they practice faith secretly or relocate.
